Bike Preparation before Touring

Prep:

- Check your tyres are good for the whole length of the trip
- Ensure you have been serviced to cover the whole mileage of the trip
- General bike health-check, brakes, lights etc...
- Check INSURANCE, MOT and Tax is valid

Pack:

- Puncture repair kit
- Basic toolkit
- Chain lube or extra Scot oiler fluid
- Spare keys (Give them to a travelling companion for safe keeping if possible)
- Spare bulbs (Check you can easily get access or have the correct tools for the job if needed)
- Spare fuses
- Spare spark plugs
- Oil if you think you need it
- Security locks (Chain or D lock etc)
- Duct tape
- Cable ties
